***Traveling Left of Center* by Nancy Christie**
Prepublication Review Copies Now Available

Every once in while a new literary voice appears, unheralded, unexpected. Nancy Christie is such a writer, a journalist who has made a name for herself in non-fiction, but whose brilliance is penning exquisite and often disturbing short stories. Pixel Hall Press is proud that we'll be publishing a collection of Nancy's short stories — *Traveling Left of Center and Other Stories* (pub date: September 9, 2014). Review copies are available from [NetGalley](#) or directly from [Pixel Hall Press](#).

Nancy Christie's is a hypnotic, lyrical voice that captures your heart with its deep, rich humanity. In *Traveling Left of Center and Other Stories*, Nancy writes about what happens when people face life situations for which they are emotionally or mentally unprepared. The characters in these eighteen short stories are unable or unwilling to seize control over their lives, relying instead on coping methods that range from the passive (*The Healer*) and the aggressive (*The Clock*) to the humorous (*Traveling Left of Center*) and hopeful (*Skating on Thin Ice*). But the outcomes may not be what they anticipated or desired. Will they have time to correct their course or will they crash? What happens when people face life situations for which they are emotionally or mentally unprepared? They may choose to allow fate to dictate the path they take—a decision that can lead to disastrous results.

About Pixel Hall Press

Pixel Hall Press (www.PixelHallPress.com) is a relatively new, old-fashioned small publishing house whose focus is on discovering literary gems and great stories that might otherwise be overlooked. Our mission is to

publish books that energize the imagination and intrigue the mind, and to be a conduit between readers and provocative, stimulating, talented authors.

In this era of digital technology, Wall Street involvement and merger mania, many mainstream publishers seem to have lost sight of core principles and the purpose of publishing. At the other end of the spectrum is the veritable avalanche of self-published books that are notoriously uneven in quality. Small boutique imprints like Pixel Hall Press are reclaiming the heart and soul of publishing by reviving the idea that a publisher's *raison d'être* is finding and nurturing great writers, and to provide readers with beautiful, meaningful, truly enjoyable books.
